### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows: cancel claims 27 and 28.

### **DETAILED ACTION**

#### ***Continued Examination Under 37 CFR 1.114***

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 11 April 2011 has been entered.

#### ***Response to Amendment***

1. The amendments and arguments/remarks filed on 11 April 2011 have been entered and fully considered.
2. Instant claims 1 and 17-18 have been amended by Applicant's current amendment.
3. Instant claims 30-32 are newly added by Applicant's current amendment.

4. Instant claims 1-3, 6-12, 17-20, and 29-32 are pending currently; all other claims have been cancelled or withdrawn from consideration.

### ***Election/Restrictions***

Applicant's election of Group I, claims 1-12 and 17-20, in the reply filed on 29 October 2009 is acknowledged. **Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse** (MPEP § 818.03(a)).

Newly submitted claims 27-28 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: instant claims 27-28 cite a "rotating section" that is cited in the nonelected claims. Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. **Accordingly, claims 27-28 are withdrawn from consideration as being directed to a non-elected invention.** See 37 CFR 1.142(b) and MPEP § 821.03.

### ***Priority***

Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

### ***Allowable Subject Matter***

Claims 1-3, 6-12, 17-20, and 29-32 are allowed.

The following is an examiner's statement of reasons for allowance: the sample arraying/assembling device of the instant claims recites a device comprising a distributing section that dispenses sample onto a wound body section in a predetermined matrix. The prior art of record, U.S. Patent Application Publication 2001/0046699 (Tajima), discloses the wound body section; however, the prior art does not clearly disclose the complete sample arraying/assembling device of the instant application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

Any inquiry concerning this communication or earlier communications from the examiner should be directed to BRYAN KILPATRICK whose telephone number is (571)270-5553. The examiner can normally be reached on Monday - Friday, 8:00 am - 4:00 pm.
